

## Yessio

Your Trusted Filevine Partner Since 2019

### About Yessio

Family-owned and based in Sandy, Utah, Yessio has been in business since 2009. As a dedicated Filevine partner since 2019, we specialize in implementing Filevine Core, Document Assembly (FVDA/Outlaw), Periscope, and Lead Docket, helping law firms streamline operations and boost efficiency.

### Why Choose Yessio?

Our expert team, led by professionals, delivers customized solutions to optimize your Filevine experience. We handle document creation, report generation, and system updates, saving you time and effort. Yessio acts as an extension of your team, providing consistent, high-quality results and actionable advice to maximize your firm's potential.

### What Our Clients Say

- "Yessio has been instrumental in moving our voluminous documents into Filevine with professionalism and positivism." — **Stark & Stark**
- "Thanks to Yessio's expertise, our customized Filevine and doc gen were up and running quickly, improving our efficiency." — **The Advocates Injury Attorneys**
- "Hiring Yessio was game-changing. They helped us operate at a much higher level with Filevine." — **Yosha Cook & Tisch**
